

# 2<sup>nd</sup> General Meeting Age-It

University of Naples «Federico II»  
Naples October 29-31, 2025

## Call for Papers

**Age-It** is pleased to announce a Call for Papers for the Second General Meeting, which will take place in Naples at the University of Naples, hosted at the [Hotel Royal Continental and Unina Conference Center](#).

During the meeting, parallel thematic sessions will be dedicated to research conducted by members of the extended Age-It Community. Each session will encourage an integration of diverse disciplinary approaches. Presentations should emphasize practical and policy implications and/or technological innovations across all age-related domains. We welcome papers on any subject within the Age-It Research Program, whether from projects funded initially or through the cascade funding scheme.

A Scientific Committee representative of all Spokes will select papers for the various sessions. For submissions that are not yet in their final stage, a poster session will also be organized.

### Submission Guidelines

- The **Call for Papers opens on April 1st, 2025**, and **closes on May 31st, 2025**. A dedicated submission platform will be available soon.
- To encourage broad participation, each author may submit **only one paper as a presenting author**, though they can be co-authors on multiple papers or posters. Additionally, each author may appear only once as a presenting author, whether for a paper or a poster.
- Submissions must include:
  - A **short abstract** (max. 250 words)
  - An **extended abstract** (max. 1 page) outlining the background, methods, results and main implication of the research.
- Authors will be **notified of acceptance by July 1st, 2025**.
